

Crockpot Chicken and Noodles

ingredients: 4-6 chicken breasts, 1 bag of egg noodles, 2 (10 oz)

cans cream of chicken, 14-15 oz can chicken broth or stock, salt

and pepper to taste

instructions: Place chicken breasts (frozen is ok) in the crockpot.

Pour the two cans of cream of chicken over top. Pop the lid on it

and cook for 4-6 hours on high or 8-10 hours on low. When the

chicken is done cooking, start a large pot on the stove to boil water

for the noodles. Boil noodles according to the bag directions.

While the noodles are going, remove the chicken from the

crockpot and dice or shred. Add the can of chicken broth (or

stock) to the soup that is still in the crockpot and whisk until well combine. Add your shredded chicken back to the crock.
